Policy of Utilization and Updation of IT Facilities

Utilization Policy

The institution gives a prior importance to the utilization and updation of IT facilities available in the college. The teachers, during the induction programme as well as regular programmes, encourage students for the optimum utilization of IT facilities available in the college. Students are given assignments to complete so that they can sit in the college computer lab. They are also regularly told to avail the benefits of the N-List e-resources as well as open access e-resources available on the library webpage. OPAC system is also available in the college library. Teachers use a student-centric teaching method wherein they use Power Point Presentations, Screening of short films, documentary films and educational videos. Alongside this, some short-term certificate courses are conducted wherein students need to use computers for practical.

The college campus is WiFi enabled and LAN facility is provided in Administrative Office, Computer Lab, Seminar room, and Library. In the college, admission, examination, and result processes are computerized. The college uses Principal 9 software for admission and Result 9 software for result.

Some departments have been provided computers for timely completion of work. Faculty members also use their laptops whenever needed. Most of the time, the communication is made through email.

Updation Policy

For effective functioning and optimum utilization, IT facilities are timely updated. The institution has an annual maintenance contract with Shivam Enterprises, Dodamarg under which the proprietor updates the software, and installs drivers, applications, and licensed antivirus for security in college computers whenever required. In case of any updation in admission and result software, the college obtains it from the service provider. Regarding website, the college yearly pays the fees for maintenance and updation of the college website. The head clerk of the college looks into it and communicates with the service provider to get the work done.
