Subject: Request to join the Karo Sambhav Bulk Consumer e-waste Awareness Programme

Greetings!

Dear Sir,

Rapidly evolving technology along with its benefits has resulted in a significant rise in old and unusable electronics. India generates more than 2 million tonnes of e-waste per annum. Less than 2% of this gets recycled responsibly, resulting in serious health and environment hazards.

Karo Sambhav is one of India's first authorised E-Waste Producer Responsibility Organisation and also the first in Asia to become a member of Waste Electrical and Electronic Equipment (WEEE) Forum.

We are organising an informative and engaging e-waste awareness drive for Bulk Consumers of electronics/ IT products which is FREE of cost.

We would be pleased to invite your college to participate in our Bulk Consumer Awareness Programme which is also supported by the Ministry of Electronics and IT (MeitY).

Joining this campaign will not only help you position your college as a responsible residential consumer but will also help in spreading the message of responsible e-waste management among your staff and students.

This programme is for a maximum of 45 minutes.

Appreciate your cooperation to conduct this programme in your college premises and looking forward to a confirmed date.

With Warm Regards,

Suraj Shetkar - 8888801551

Juana Technologies Pvt. Ltd.- Awareness partner for Karo Sambhav
